Middough Recognized for Outstanding Engineering Work

AGC Ohio awards new construction award to Middough and partners.

CLEVELAND, Ohio (January 14, 2014) — Middough Inc., a top ranking U.S. engineering, architecture, and management services company, is pleased to be recognized as a co-recipient of the prestigious 2013 Build Ohio Award for New Construction Projects over \$30 Million Friday, Nov. 15, 2013 at the Hilton Columbus at Easton Town Center. The award was received for work done to build the PRO-TEC Continuous Annealing Line Facility located in Leipsic, Ohio.

The award was presented by the Associated General Contractors of Ohio. Established in 1991, Build Ohio celebrates construction through *The Build Ohio Awards Program* that recognizes contractors and their partners for excellence in construction. Winning projects set the standard of excellence in construction in Ohio.

PRO-TEC Coating Company is a joint venture between Kobe Steel, Ltd. and United States Steel Corporation. The new PRO-TEC Continuous Annealing Line Facility produces advanced high-strength steel sheet for automobiles, which has an annual production capacity of 500,000 short tons.

“As the A & E of record for the PRO-TEC Continuous Annealing Line Facility, Middough is very proud of its participation and efforts to make this a successful Design - Build project with Rudolph Libbe,” stated Mike Golightley, senior project manager at Middough.

In attendance to receive the award from Rudolph Libbe was Jeff Schaller, Brad Deal, Gary Haas, Fritz Rudolph, and Ron Kuzma. Jim Russell from GEM, Inc. and Mike Golightley from Middough were at their side. During the award acceptance, Brad Deal graciously acknowledged Middough’s contribution to the project as the architect and engineer. Middough worked closely with onsite staff to maintain the schedule through one of the wettest springs on record for Northwest Ohio making the project a complete success.
