Middough Expands in Central Region

New Middough Location Opens Near Madison, Wisconsin.

Cleveland, OH (January 16, 2018) — Middough Inc., a top ranking U.S. engineering, architecture and management services company, is pleased to announce that they are expanding their reach into Wisconsin and the upper Midwest with the opening of an office near Madison, Wisconsin.

The new office is part of Middough's Central Region, operating under the direction of Vice President and General Manager, Tom Anderson. "We are very excited to expand our presence into Wisconsin. We have been doing work in the state for years and our new office in Madison will allow Middough to better serve our clients in Wisconsin as well as support the continued growth of our Central Region into Minnesota, Iowa and beyond," stated Anderson. Day to day management of the Madison office will be under the direction of Chuck Tyburk, PE, who is an engineering industry veteran with considerable experience serving a diverse range of clients and industries.

The Wisconsin office is located at 550 N. Burr Oak Ave, Oregon, Wisconsin 53575, adjacent to the offices of Forster Electrical Engineering. Forster enjoys a strong market presence in Wisconsin and is a Middough teaming partner for work in the area of electric power system design. For more information visit www.middough.com.

About Middough Inc.

For more than 67 years, Middough Inc. has been recognized for its performance and leadership in engineering, architecture and management services. With major offices in Cleveland, Chicago, Houston, Philadelphia and Toledo and additional offices nationally comprising nominally 600 professionals.
