Middough Hires Top Executive in the Midwest Region

James J. Volk joins top engineering firm.

CLEVELAND, Ohio (May 30, 2017) — Middough Inc., a top ranking U.S. engineering, architecture and management services company, is pleased to announce the addition of James J. Volk as Vice President and General Manager for the Buffalo, NY office.

Jim has extensive experience in power generation, chemicals, industrial gases, energy management, renewables and environmental services. Based in our Buffalo office, Jim will focus his efforts on expanding Middough's business development, strategic business planning, project execution and office administration. "Jim brings a history of effective leadership and a proven track record of profitable business performance," said President and Chief Operating Officer, Carl E. Wendell.

Background on James Volk

Before joining Middough, Jim held a variety of executive positions with the Shell Oil Company in Houston, TX as well as Praxair in Tonawanda, NY and Niagara Mohawk Power Corporation working in a business development, engineering and operations management capacity. Jim holds a B.S. degree in Chemical Engineering, a M.S. in Environmental Engineering and an Executive M.B.A. from the University of Buffalo.

About Middough Inc.
